# Klime-Ezee Warehouse Steps for Sound & Lighting Company

**L**imelight Presentation Systems have recently constructed a multipurpose storage and work space area for their expanding moving light hire stock. However they needed a way to be able to reach the numerous lighting solutions they have available for hire. The Klime-Ezee Mobile Warehouse Step was the solution.

*“We had a large area of our unit given over to storage of items we need to have in stock but not used everyday, so we invested in some new high racking to create a work space at ground level but to keep the same storage area above”* said Nick Thompson at Limelight Presentation Systems.

*“Moving the storage up by 2 metres presented us with the problem in getting to the item. We needed a stable platform we could use. The racking supplier offered warehouse steps but they seemed expensive so I popped over to Ladderstore.com as we had used you before to purchase some Zarges Skymaster ladders and found you a fair bit cheaper so ordered them from you.*

The Klime-Ezee Industrial Mobile Warehouse Steps have a fully welded heavy duty steel construction making these steps suitable for all warehouse, retail, commercial, office, construction and even military applications. Fitted with retractable castors and 200 mm diameter rear wheels with a side handle/central bar braking system.

“Making the purchase was easy as it always is with good clear info on the products to make sure we get the right item and quick and easy checkout”.

**If you would like to find out more about our range of Warehouse Steps or would like to discuss your requirements, call Jacky on 01204 590 232 or email [jacky@ladderstore.com](mailto:jacky@ladderstore.com).**
